# FOREWORD

---

THIS volume is one of a special edition compiled and printed for the families now residing within the Rural territory as shown by the Location Maps printed herewith.

The first important feature of the book is a complete list of residents of this territory—your trading center. The information has been compiled by well-trained and careful representatives of the Publishers, and rechecked so that few if any errors can be found.

It will be noted that a considerable number of the names given in the list are printed in capital letters. This method is used to distinguish those who are subscribers to THE FARM JOURNAL; and the large number of them, as well as the evident fact that they are the best known and most highly respected members of the community, is a source of much gratification to the Publishers.

The second and really important main feature of the book named "How to Do Things" is a great collection of facts, methods, ideas, helps, short cuts, handy devices, implements, etc., which have been gleaned from the pages of THE FARM JOURNAL. Some are old because some very old things remain ever new; but most are new, well-tested, and well-adapted to the present day need of the up-to-date farmer.

In particular we have been careful to include many special articles on subjects which are of the highest interest to readers, as proved by the great number of letters and inquiries received by the Editors. Their job of furnishing reliable, helpful, and interesting reading, month after month, to more than 1,000,000 farm families in all parts of the United States gives them unequalled opportunity for knowing what Farm Folks are interested in and want to know about. Then their great motto is, "Let us ever help and never harm our readers."

This is the sort of reading that has appeared, appears now, and will continue to appear in THE FARM JOURNAL, and which we confidently believe will appeal, friend reader, to you.

# Know Your Feed

Do you know that C. V. Graft makes the best PIG FEED and HOG FEED on the market today. Our IMPERIAL PIG MEAL cannot be beat for growing pigs and IMPERIAL HOG MEAL has no equal for fattening and finishing hogs. They are real feeds. No hulls, trash or cheap stuff in this feed. Made from all real feeds.

## Note what our feeders say about IMPERIAL Feeds:

*"The best proof that I am perfectly satisfied with IMPERIAL PIG MEAL and IMPERIAL HOG MEAL that I have bought my second carload in the past five months."*— G. H. CLARK.

*"Have fed twelve tons IMPERIAL HOG MEAL. Believe I get cheaper gains than with corn."*—A. A. MILLER.

*"My hogs done the best on IMPERIAL PIG MEAL than any feed I have ever used."*—SILAS C. BENSON.

*"IMPERIAL Feeds are surely great for growing and fattening hogs."*—FORREST BENSON.

*"I put on gain on fattening hogs for \$10.16 cwt with IMPERIAL HOG MEAL against \$12.50 cwt with corn."* EARL REES.

*"Fed 100 pounds IMPERIAL PIG MEAL per day to 16 pigs. They made a gain of two pounds per day making a gain of 32 pounds to 100 pounds feed."*—W. C. SHOEMAKER.

*"I have fed several kinds of feed but never had any feed to give results as good as the IMPERIAL HOG MEAL."*—HARRY COOK.

# SERVICE

Anybody with money can rent a store, buy goods and employ clerks. But it takes more than that to make the service of a store good. It's on the quality of brains behind the management of a store that you must rely for real service.

## *This means—*

The ability and willingness to look over the market thoroughly and to go from one maker to another until the right goods at the right prices are found.

Knowing styles so there will be no mistakes.

Knowing quality in material and workmanship.

Finding out what you like, and what will give you most satisfaction, and getting it for you.

Training salespeople so that you may be served always intelligently and quickly.

Working and planning to give you always more and more value for the dollar you spend.

*That's REAL Service.*

And your dollar goes farthest here because we've learned how to give you that sort of service.

**T**HIRTY-TWO years successful banking experience.

The oldest and most conservative bank in the community. Farmers needs given especial attention. Our insurance department is prepared to write all kinds of insurance.

We offer you the use of the safes, vaults, and time locks that give security against fire and burglars; the stationery, checks, bank book and bookkeeping, and sometimes postage, is involved where commercial paper is filed for collection, and this entire service is extended to all patrons free of charge. It shows how much we want and appreciate your business.

## LET'S SETTLE THE SELF-FEEDER QUESTION RIGHT NOW!

Pronounced the one real self-feeder in competition with 21 feeders at the Government Experimental Station, State of Texas.

Received the Blue Ribbon at the National Swine show at Des Moines, Iowa, over 63 feeders (enough said).

We guarantee you that you never have to punch down the feed. Why? Because we show you the proper agitation that works the feed down. Other feeder salesmen say you do not need any agitation. Why? Because we have our agitator covered by patent.

Proof against rain, wind and poultry.

Must do as we claim or money refunded.

Write for prices and descriptive matter.

*Costs a little more, but why not have the best?*
